PROFILE

I began my journey in the programming world through the Indosat Ooredoo bootcamp in collaboration with Dicoding, specializing in web development and software development. Currently, I am pursuing my education at Nurul Fikri Integrated Technology College. With deep knowledge and skills in programming, I have been continuously improving my expertise over the past two years, working as a freelance programmer.

Consistency, commitment, creativity, and teamwork are the foundation of my character. I strive to deliver the best results in every experience I undertake.
